

NORTHROP SCHEDULING FOR 2010-11 for INCOMING 9TH GRADERS

Students, Parents, and Guardians:

Northrop students must make important choices by selecting the courses they will take the following school year. The *Course Description Handbook* will assist in familiarizing students and parents with the many educational opportunities at Northrop High School. This is located on the following websites:

<http://home.fwcs.k12.in.us> and <http://northrop.fwcs.k12.in.us>

The online course book will explain available courses, course sequences, graduation requirements, and athletic eligibility. This will assist parents and students as they establish educational goals. Northrop teachers and counselors are good sources for course selection recommendations. We encourage all students to challenge themselves with a rigorous schedule to better prepare for the future.

The Northrop page and Edline also have the course election sheets that you may choose to print. Please make sure to complete the course election sheet for the 9th grade. Choose one block on the front page of the form. Please turn in the form following your school's directions by the date given at your school. If you do not fill out a schedule, you may not have the classes you want. Northrop counselors will visit our feeder middle schools on the following dates: Jan. 22- Shawnee Middle School, Jan. 20- Northwood Middle School, and Jan. 21- Jefferson Middle School.

The completed student election sheets determine the staffing needs and courses taught for the next school year. Student schedule changes will be permitted through Friday, June 4. Complete a course change request form from the guidance office in your school before that date. It is very important that students and parents/guardians review the schedule that students will receive in May. **After Friday, June 4, 2011 no schedule changes will be made.**

The Academic Honors, Technical Honors and/or Core 40 diplomas are the diplomas available for the Class of 2014. Criteria for obtaining any of the diplomas can be found on the opening pages. We will make every attempt to notify you via the school newsletters, Edline and the school webpage if the State of IN makes changes.

Sincerely,

Cheryl Strader
Assistant Principal
